

## TECHNICAL DATA SHEET

### TROLLEY VIEWING – Ref. 3900 Included Head-rest Ref. 910230

**Ref. 3900.** This trolley is made of 304 stainless steel and is used to wash the body (with its flat stretcher) in the recognition room or the technical room (where the conservation cell is located) towards the funeral home. The trolley has a **220 cm** long, **75 cm** wide tray with a jack (allowing an angle of 10°) which allows the stretcher, and therefore the body, to be tilted during the cleansing. The height is 85cm as standard (and can be adapted as required). The trolley has been designed to be "balanced" to allow the stability of the trolley when washing the body. The trolley has 2 fixed wheels at the front without brake, and 2 swivel wheels at the back, 1 of which has a brake, 4 wheels of  $\Phi$  12.50 cm and an adjustable pipe (Etiroflex) for evacuation on rigid but flexible hose, stroke 30-60cm.

➤ **Included:**

- **Multi-position headrest** in white synthetic rubber material: allows 6 different positions for the presentation of bodies. Ideal for positioning the head for a better presentation of the deceased. Dimension: L16 x H12 x W14 cm
- **1 Etiroflex:** evacuation on rigid but flexible pipe, stroke from 30 to 60cm.

**Right photo →**

➤ **Packing:** individual, on pallet and cardboard protection.

➤ **Admissible load:** **230 kg** (Ref. 3900) and **300 kg** (Ref. 3900/O)

➤ **Cleaning:** water and soap, and any disinfectant compatible with 304 stainless-steel.

➤ **Dimension:** Length 220cm (without stretcher tray guide handle), Width 75 cm x Fixed height 85 cm (can be modified by specifying when ordering).

➤ **Product benefit:**

- Mobile toilet trolley designed to facilitate the work of the operator, simple to use, and easy to maintain,
- Easy to handle and easy to clean,
- Robust due to its all-stainless-steel design, rigid and very stable in operation (very well balanced),
- Improved manoeuvrability with its 4 wheels,
- All stainless-steel material for strength and durability.

Included an adjustable pipe

Included a multi-position Head-rest
