

# MOBILE UNIT CLINIC

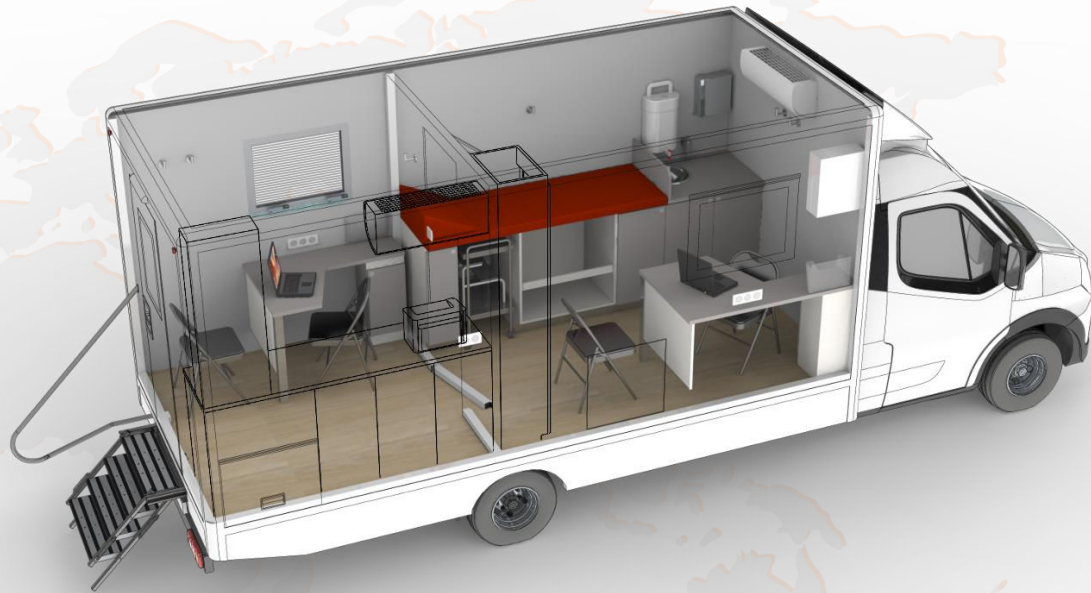

30065 

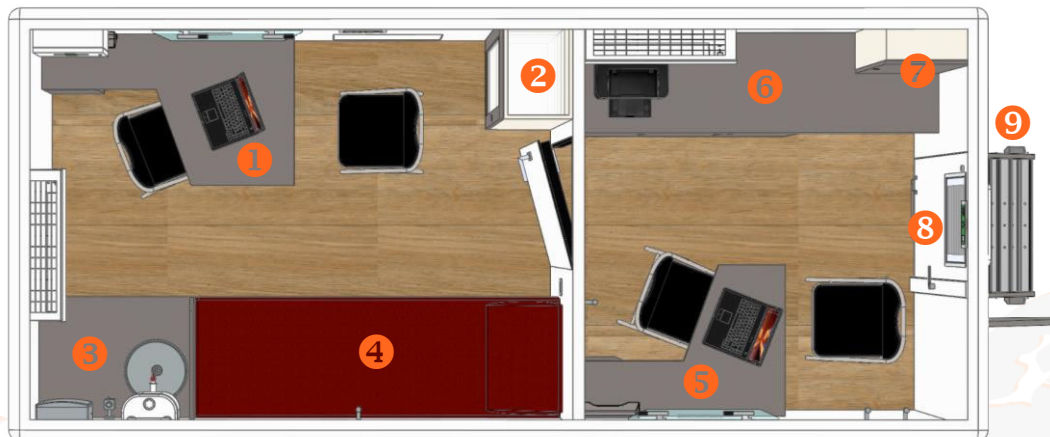

## Your ultra-compact mobile clinic

With its dimensions that allow for easy parking, this ultra-compact mobile clinic is perfectly suited for rapid travel in urban and suburban areas. Thus, it allows the most demanding professionals with only a vehicle permit to receive their patients and practice their medical specialties in an ergonomic and comfortable working environment.

It is composed by reception/secretarial office and an exam room. It can be connected to a completely autonomous generator set that remains operational for several days for isolated populations in rural areas far from hospital facilities.

This mobile solution can be proposed in different designs : container, straight truck and semi-trailer.
