

MOBILE UNIT X-RAY

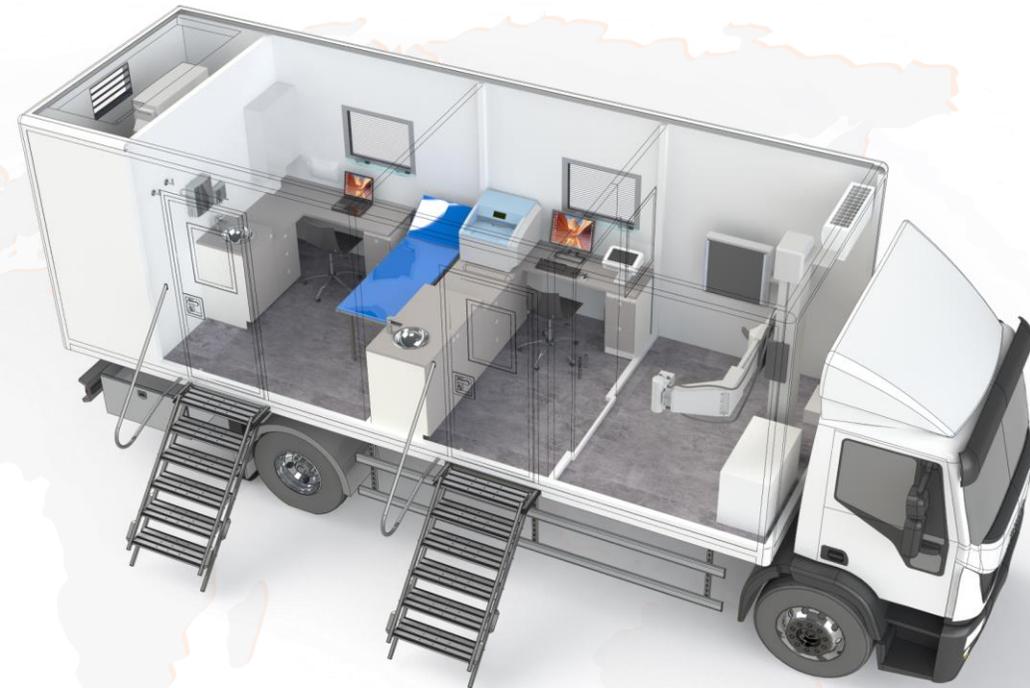

28475 

Your mobile radiology office

This compact mobile conventional x-ray unit allows the most demanding professionals to practice their medical specialties in an ergonomic and comfortable working environment regardless of the climatic conditions.

It is composed at the rear of an independent examination room and at the front of a workstation for the X-Ray operator and an X-Ray room. It is also equipped with a power generator for a full autonomy allowing it to remain operational for several days for isolated populations in rural areas far from hospital structures.

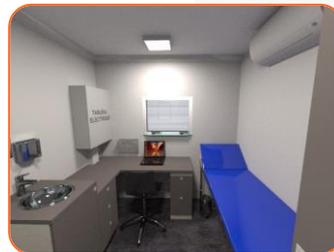

This mobile solution can be offered in different designs : container, straight truck and semi-trailer.
